CALLING CURRENT DATA SCIENCE, COMPUTER SCIENCE, MATHEMATICS & ENTREPRENEURSHIP STUDENTS!

Meet leaders from data-driven companies

The Massachusetts Technology Collaborative - in partnership with Western MA Economic Development Council - is offering juniors, seniors, and grad students from leading computer science, mathematics, and business programs in the Five Colleges Area the opportunity to connect with data-driven companies. At the Mass Big Data Tech Trek: Amherst, students will have the opportunity to hear from and meet with company founders, hear from leading data scientist and connect with other students from other schools in similar programs. The event will be hosted at MassMutual’s new space in Amherst.

Participating companies:

- Lexalytics
- machine metrics
- EnerNOC
- National Grid
- MassMutual

Organized by:

- EDC
- Massachusetts Technology Collaborative
